4. HDF core board
5. Balancing layer
6. Safe-Lock®

Parador ClickBoard Performance features

Suitable for damp rooms

Due to a swell-resistant core board and a moisture-repellent reverse side, ClickBoard and panels can also be used in kitchens and bathrooms. ClickBoard should not be used where water splashes.

Light fast

Good light fastness in accordance with DIN EN ISO 4892-2 prevents ClickBoard and panels from fading due to sunlight.

Suitability for light fittings

Recessed lights can be used due to the heat resistance of ClickBoard and panels.

Safe-Lock®

Due to the patented click mechanism with Safe-Lock® profile, the ClickBoard panels click into place without any problem and can therefore be easily joined together.
